Big Green Egg Launches NEW EGGspander – The Ultimate Internal Expansion System for an EGG!

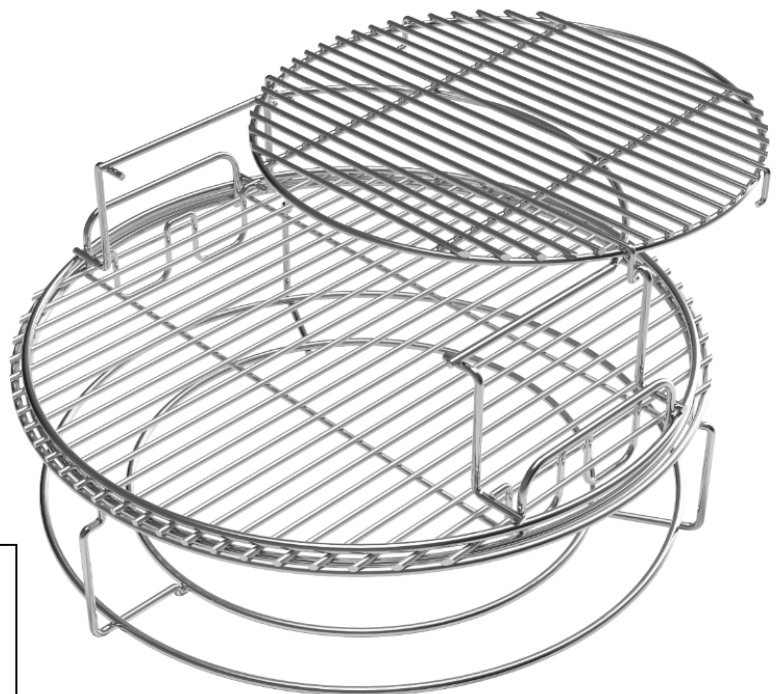

Versatility is the name of the game with a Big Green Egg ... you can perfectly prepare anything from a steakhouse-style porterhouse to a lasagna or peach cobbler in the same grill!

And when you are cooking several different foods at once, or preparing meals for a large crowd, the amazing NEW **EGGspander** increases the amount of cooking space in your EGG – and with its half-grid system, adds an almost limitless number of set-ups for multi-zone and multi-level cooking.

Configure the EGG for different heat zones and temperature levels ... all in one cook! No need to turn on your indoor oven ... you can literally cook an entire meal – from breakfast to dinner – in an EGG! And no need to plug in your EGG or tend to the natural lump charcoal constantly either, the EGG is not only acclaimed for quality but for simplicity and performance as well!

The EGGspander's multi-level, multi-zone design easily configures the EGG for:

- convEGGtor basket – easily add or remove the convEGGtor to quickly shift from direct to indirect cooking
- Multi-level direct and indirect
- Multi-tier cooking racks
- Direct “Cowboy Style” lower rack

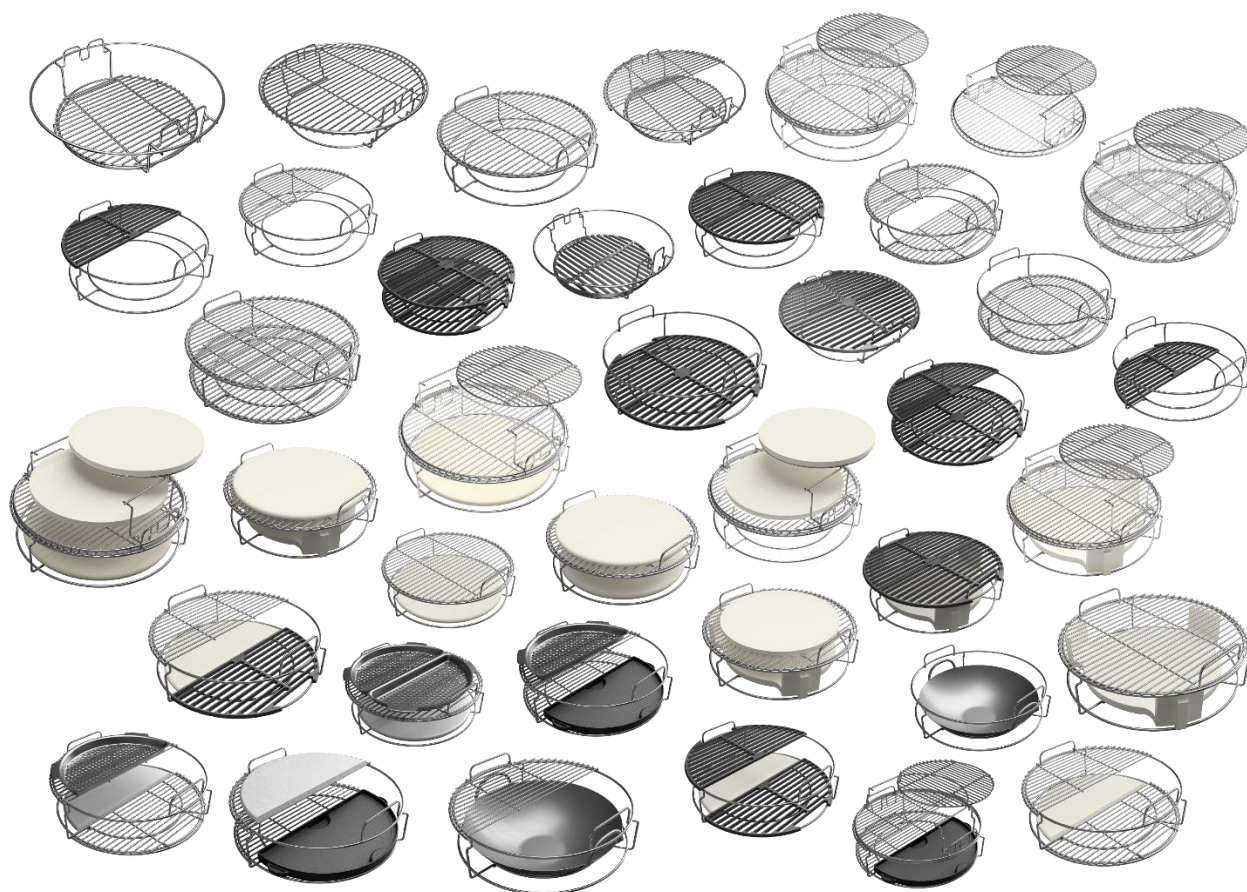

Stainless Steel construction, sliding upper rack with safe-stop tabs and integrated easy-lift handles!

Add EGGcessories for over 40 additional configurations!
